

## **FEARLESS**

Writers: Jay Graydon, Richard Page, Steve George, John Lang  
Main Artist: Pages

At a young and desperate age, like the heroes we once played  
We were so courageous, just enough to make it real  
Fearless is the child that sees, what his life is meant to be  
Like the fighter, he will dance to stay alive, alive

Fearless, nothin's left to hide, fearless on the other side  
Ridin' free and fearless on a raging sea  
Is the only thing that keeps you alive

Livin' like he's on the run, fearless knows what he's become  
He's still courageous, like the hero, he survives, survives

Fearless, nothin's left to hide, fearless on the other side  
Ridin' free and fearless on a raging sea  
Is the only thing that keeps you alive

(guitar solo)

Ridin' free and fearless on a raging sea  
Is the only thing that keeps you alive

Fearless, nothin's left to hide, fearless on the other side  
Fearless, always fearless  
(repeats out)
